

AYDEN STOLL

ENTRY-LEVEL SOFTWARE DEVELOPER

aydenstoll@outlook.com 810-748-7770 Fair Haven Michigan 48023 United States

EDUCATION

St. Clair County Community College

- May 2026

Associate of Applied Science in Software Development | Port Huron, MI

CERTIFICATIONS

HTML Developer Certification - W3Schools

PROJECTS

Website - Bosskhaz.com

HTML, CSS, JavaScript

Designed and developed a responsive website for a small cannabis genetics business to showcase available plant varieties and company information.

- Created a clean, mobile-friendly interface with straightforward navigation
- Deployed and maintained the live website at Bosskhaz.com

RimWorld Game Modifications

C#, XML, Visual Studio 2022

- Developed and published game modifications with custom user-interface elements and gameplay systems.
- Used Visual Studio 2022 to organize projects, manage references and dependencies, build code, and resolve compiler and runtime errors.
- Tested features, investigated compatibility issues, added translations, and maintained updates across game versions.

Chrome Extension: Calendar

JavaScript, HTML, CSS

- Built an extension that allows users to add, edit, and delete notes for specific calendar dates.
- Used browser local storage for persistent data and visually marked dates containing saved notes.

Chrome Extension: To-Do List

JavaScript, HTML, CSS

- Developed a task-management extension with adding, completion, deletion, priority, and category features.
- Implemented persistent local storage.
